NO TRANS FAT

ZERO CHOLESTEROL

SODIUM < # OF CALORIES PER SERVING

CARBOHYDRATES: LOOK FOR WHOLE GRAINS

AVOID ADDED SUGAR

2 - 3

GRAMS OF FIBER PER SERVING

NO ADDED OIL

Understanding the Ingredients

CARBOHYDRATES: NO refined carbohydrates — signified by words *enriched* or *white* (e.g. enriched wheat flour, enriched bleached flour, all-purpose flour). Look for whole grains in the ingredient list — signified by words *whole*, *rolled*, *stone ground*, or *cracked* (e.g. whole grain flour, rolled oats, ground-on-stone whole-wheat flour, wheat berries, bulgur, cracked wheat).

SUGARS: AVOID any added sugars among the first 3 to 5 ingredients (e.g. high fructose corn syrup, fructose, sucrose, evaporated cane juice, honey, molasses, agave, maple syrup).

OIL: NO added oil, especially coconut and palm oils, any animal saturated fats (e.g. butter, cheese, lard), or partially hydrogenated fats (e.g. margarine, shortening).

GENERAL TIPS: The most healthful foods are the fresh and frozen produce. Fill your plate with plenty of vegetables, starchy vegetables, fruits, legumes — e.g. peas, beans, lentils, and intact whole grains — e.g. brown rice, maize (corn), oat, wheat, barley. Avoid highly processed foods. Give preference to minimally processed foods that follow these guidelines.
